Subject:—

Opening of a Female Dispensary at Davangere.

The question of opening a Female Dispensary at Davangere has been under consideration for more than ten years and Government in their order dated 25th September 1912, approved of the Davangere Municipal Council's proposal to defer the question till after the completion of water supply to the town.

2. In the Representative Assembly meeting of 1917, Messrs. Onkarappa and C.Narayana Chetty mooted the question of opening a Female Dispensary at Davangere.

3. The Senior Surgeon who was consulted, has submitted proposals for the construction of the dispensary. He estimates the cost of building to come to Rs.20,000 and equipment to another Rs.1,500.

In regard to the initial cost which is usually shared equally by Government, the Municipality and the District Board, the Municipality is willing to bear $\frac{4}{9}$ths of the cost, the District Board, $\frac{2}{9}$ths and the Government has to contribute the remaining $\frac{1}{3}$rd.

In regard to recurring charges which are estimated at Rs.2,628 per annum as noted in the margin, Government will have to meet the pay of the Lady Apothecary and the cost of Europe Medicines and the Municipality and the District Board will bear their share as usual.

Europe Medicines.	" 600
Total cost per annum.	Rs.2,628

4. The Members of Council agree that the proposal may be sanctioned.

5. The Financial Secretary who was consulted in the matter, has no objection and states that the extra cost to be borne by the general revenues may be met from the lump sum provision in the Medical Budget for new dispensaries.

6. A lady doctor of the rank of an Assistant Surgeon is required for the place, but as there is a paucity of medical women with university qualifications, a medical officer of the Lady Apothecary's rank is proposed for the present.

7. These proposals may be graciously approved.
